Or, join our class on the Talking Points app! Our class code is 7QFC8Y (see attached page for details)

STUDENT EXPECTATIONS

Daily Materials

(student brings)

- ☐ sturdy folder used only for math class
- ☐ Additional folder to keep older math work (can keep this in your locker)
- ☐ pencil with eraser
- ☐ Earbuds or headphones

Daily Materials

(EBIS provides)

- ☐ charged up chromebook
- ☐ Planner

Perseverance

Work to your fullest potential! Striving for success should become your habit. Learning is not supposed to be easy; tackling challenges has been proven to help learning “stick.”

Attendance/Assignments Completion

- ☐ If you are too ill to do your work, get in touch with your teacher as soon as you can for a make-up plan.
- ☐ If you can do your work while you are out, stay as caught up as you can and ask for help as needed.
- ☐ Whenever possible, do not wait until you return to do your work. Start as soon as you can. Always check in upon return.
- ☐ Extra help is available, just ask!

EBIS Late Assignments Policy

Assignments may not be submitted more than a week after the due date. Some exceptions will be made for illnesses and special circumstances if the student has made arrangements with the teacher.

Classroom Behavior

1. Always allow yourself and others to learn. Everyone is in math class for the same reason...to grow and learn!
2. Be respectful. Our class should be a supportive environment.
3. Be accountable for your actions, learning, work completion, and participation. Own your actions.
4. Follow the EBIS code of conduct. You can find this on the school website or in your planner.

iReady

1. iReady is a district-wide initiative to personalize learning for each student.
2. Students will be expected to complete a minimum of 30 minutes and pass one lesson per week. Time will be provided in class to do this. Headphones are needed for lessons.
3. If a student misses the provided time in class, that week's iReady requirement will need to be completed as homework.
4. Teachers will conference with students about their progress regularly.

Grading

Old way: Common Core Learning Standards

New way!! Next Generation Learning Standards. Grades will be categorized according to these new standards. Higher stakes assignments such as tests, quizzes, and projects will earn more points than skill practice assignments. Families will be able to look at each category to see where their student is excelling and where more assistance may be needed. **PLEASE Check your student's grades weekly in the SchoolTools Parent Portal.*

<u>8th Grade Grading Categories</u>	<u>8th Grade Math Units</u>
Expressions, Equations, & Inequalities Number System Probability and Statistics Geometry Functions Mixed Skills	<ul style="list-style-type: none">● Exponents, Square & Cube Roots, Rational/Irrational Numbers● Geometric Transformations● Algebraic Functions● Scatterplots & Bivariate Data● Parallel lines and Transversals● Expressions and Equations● Pythagorean Theorem

HOW PARENTS CAN HELP

- ☐ Parent Portal--Check it frequently; ask your child questions about missed work, high or low scores, details of an assignment, etc.
- ☐ Check your email, texts, and Talking Points regularly and respond if appropriate; use these same methods to reach out to the teachers whenever you have questions or concerns.
- ☐ Please check your child's iReady dashboard on Friday afternoons to see if they have completed 30 minutes and 1 passed lesson that week. The week officially closes on Sunday nights, so if they aren't done yet, they should finish on the weekend.

Please fill out and return to Mrs. Mathers or Mrs. Quartarano for Math Class:

Parent/Guardian Name(s): _____

Student Name(s): _____

(if you have more than one child in Mrs. Mathers' class, you only need to fill in one sheet).

Please list your contact information if it is not already listed in the Parent Portal:

- Email and/or phone: _____
- Is it okay to call you during the day? Yes or No;
 - If yes, which number should be called? _____
- What is your preferred contact language: English or Spanish or Other ?

How can Mrs. Mathers or Mrs. Quartarano help? Is there anything you would like to share about your child to help assure a smooth start and success in math class?
